Department of Odia

The Department of Odia has been a cornerstone of our institution since its inception in 1961. It stands as one of the oldest departments, dedicated to promoting the study and appreciation of Odia language and literature. The department offers MDC (Master of Arts in Odia) and General courses, tailored to meet the educational needs of our diverse student body.

Our faculty includes dedicated professionals, led by a full-time Assistant Professor, who guides students through a curriculum designed to explore the rich tapestry of Odia literature and language. Regular assessments, including class tests every three months, ensure thorough preparation for final examinations.
