## About MoU

Date: 26<sup>th</sup> September 2022

On 26th September 2022, the Department of Geography at Karim City College, Jamshedpur, and the Department of Geography at Patamda Degree College, Jalla, signed a Memorandum of Understanding (MoU) to foster collaboration between the two institutions. The Heads of Department from both colleges were present during the signing ceremony, where they agreed to a series of initiatives including the exchange of faculty, student seminars, extension lectures, and joint field visits. The MoU aims to enhance the academic and research capabilities of both departments and establish a foundation for future collaborative projects. This partnership is expected to contribute significantly to the overall progress and development of the geography departments at both colleges.

**The following activities have been conducted under the banner of MoU between the Department of Geography, Karim City College, Jamshedpur, and the Department of Geography at Patamda Degree College, Jalla**

## Seminar Lecture

Theme: Global Warming

Place: Department of Geography, Karim City College

Date: 28<sup>th</sup> September 2022

On 28th September 2022, a seminar lecture was organized for the students of the Department of Geography, Karim City College, Jamshedpur, and Patamda Degree College, Jalla, on the topic of "Global Warming." During the event, Principal Dr. Mohammad Reyaz, Head of the Department of Geography Dr. Aaley Ali, Dr. Farzana Anjum, and other faculty members of Karim City College were present, along with Prof. Krishnan Pada Mahato, Head of the Department of Geography from Patamda Degree College, Jalla, who graciously attended the program. Geography students from both colleges actively participated in the seminar.

Dr. Mohammad Reyaz, the Principal of Karim City College, facilitated the Chief Guest of the seminar, Prof. Krishnan Pada Mahato, who represented the Department of Geography,

Patamda Degree College, Jalla. Dr. Reyaz also welcomed and appreciated all the students from both departments who were present.

Dr. Aaley Ali addressed the students about global warming, explaining that it is the long-term heating of Earth's surface due to the increase in greenhouse gases in the atmosphere. Following this, Prof. Krishnan Pada Mahato spoke about the effects of global warming, including temperature rise, extreme weather, melting ice, species loss, wildfires, and droughts. He emphasized that human activities such as the excessive burning of coal, oil, and natural gas, along with deforestation, are the main causes of global warming. He also discussed ways to reduce its effects, such as saving energy at home, planting trees, and adopting sustainable practices.

Finally, the vote of thanks was delivered by Dr. Farzana Anjum, who expressed her appreciation to all the students from both colleges for their participation.

## Collaborative Meeting

Theme: Future Plan of Actions

Place: Department of Geography, Karim City College

Date : 1<sup>st</sup> October 2022

On 1st October 2022, a pivotal meeting was held to discuss the future plans and actions following the recent Memorandum of Understanding (MoU) signed between the Department of Geography at Karim City College, Jamshedpur, and the Department of Geography at Patamda Degree College, Jalla. The Heads of Departments from both colleges attended the meeting, reaffirming their commitment to the collaborative initiatives outlined in the MoU signed on 26th September 2022. These initiatives include faculty exchange, student seminars,

extension lectures, and coordinated field visits, all aimed at enriching the academic experience and fostering a deeper understanding of geographical studies.

During the meeting, both parties also discussed strategies for monitoring and evaluating the progress of these initiatives, ensuring that the partnership delivers tangible benefits to both institutions. Furthermore, they explored potential areas for future collaboration, emphasizing the importance of ongoing dialogue and mutual support in achieving long-term academic excellence.

## Field Visit

Theme: Agricultural Development and Future Prospects in and around the Patamda Block, Jalla

Place: Patamda Degree College, Jalla

Date : 16<sup>th</sup> September 2022

On 16th September 2022, as part of the vision outlined in the MoU signed on 26th September 2022 between the Department of Geography at Karim City College, Jamshedpur, and the Department of Geography at Patamda Degree College, Jalla, an extensive field visit was conducted to explore agricultural development and future prospects in and around the Patamda Block, Jalla. The event saw the participation of the Principal of Patamda Degree College, Jalla, along with the Heads of Departments and students from the geography departments of both colleges.

The Patamda Block, Jalla, has shown significant strides in agricultural development, largely driven by the adoption of modern farming techniques, improved irrigation facilities, and sustainable practices. The region, traditionally reliant on monsoon-dependent agriculture, has diversified its crop production with the introduction of high-yield varieties and the promotion of horticulture, leading to increased productivity and income for farmers. The integration of organic farming and agroforestry has further enhanced soil fertility and environmental sustainability. Future prospects in the area are promising, with plans to expand irrigation infrastructure, promote climate-resilient crops, and foster cooperative farming initiatives. These efforts aim to improve food security, boost rural livelihoods, and position Patamda as a model for sustainable agricultural development. At the end of the field visit, the Principal of Patamda Degree College, Jalla, along with the Heads of Departments from the geography departments of both colleges, expressed their appreciation to the students for their active participation and enthusiasm. They commended the students for their insightful observations and engagement during the visit, emphasizing the importance of such fieldwork in enhancing their practical understanding of geographical concepts and agricultural development.
