## 5 Years Report

### **Integrated Library Management System (ILMS)**

The library is fully automated with Integrated Library Management Software (ILMS) since the academic year 2016-2017. Through the software, the library provides various services and facilities like OPAC, (Multiple Searching) for Students, faculty and library staff, log in and log out status of students and faculty, circulation of books, stock verification and preparation of various reports. The users can search the library online catalogue by author's name, title, subject, and other keywords with the MOPAC App provided by the Library. All the books are accessioned with barcode stickers for automatic scan during the processes of issue and return to the library.

**Nature of Automation: Fully Automated.** It is totally server based application software, the library staff by taking care of their as well as sometime client's requirements pertaining to the library operations. Its state-of-the-art Cataloguing, Circulation, Web OPAC (Online Books Searching & Reservation), Journals/Periodicals, Various Reports modules and Bar-coded Circulation.
