**Women's Cell**  
 KARIM CITY COLLEGE  
 invites you to join the  
 conversation on

**History is 'his' story; where is 'hers'?**

A 'wizard' is brilliant at things,  
 a 'witch' only brews potions, has a crooked nose and flies on a broomstick. (want a free ride?)

A boy who talks to many girls is cool;  
 a girl talking to many boys is hot. (sure, she isn't running a fever?)

An unmarried man is a cool bachelor. (likely to get married even at sixty)  
 an unmarried woman is a spinster which is not half as cool. (sets in early and irreversibly)

A husband waking up at ten in the morning must have had a hard day at work;  
 a wife waking up at ten in the morning is definitely lousy. (what else?)

If a couple is childless, it's the wife who has a gynaecological problem.

If a woman works, she must be a negligent mother.

If a woman is a stay-at-home mom, she's probably not qualified enough.

If a woman is a feminist, she must hate men; if she isn't, she probably believes they're God.
