SWOC: OPPORTUNITIES & CHALLENGES

- Interdisciplinary approach- collaboration with history, economics and geography for better learning
- Exposure to trending issues like human rights, climate change, world politics and diplomacy
- Better understanding of regional and local issues
- Learning regional languages of Jharkhand for added advantage

- Tough to convince parents to send female students to the college regularly
- Post COVID lower attendance is rampant
- Students hailing from adjoining areas have boarding problem
- Attention span of students has dropped
- Jamshedpur does not have good book stores
- NEP syllabus books are hardly available in market
- Private Universities have acquired larger space

OUR BEST PRACTICES

- ❖ We promote discussions on discipline, ethics and values
- ❖ We foster an environment of inclusivity keeping in view our diverse intake and value different perspectives
- ❖ We encourage students to learn english for improving their communication skills and exhibit the same during competitions organised in and off campus
- ❖ We extend all personal help to students other than their academic needs
- ❖ We counsel students even after the class timings for resolving their various personal problems and issues
- ❖ Sometimes to puncture the boredom of the classroom we encourage them to crack a joke or sing the latest trending song

FUTURE PLANS

- ❖ To build strong foundations for our new Post Graduate department
- ❖ To enrich the available resources of library, smart class room etc.
- ❖ To organise national and international seminars and conferences
- ❖ To Prepare students for research with more innovative teachings
- ❖ To create strong inclination towards competitive examinations and government jobs to serve the society better.
- ❖ To begin new collaborations for better exposure and out reach activities.

AND THE JOURNEY
CONTINUES.....

Thank You
